# Your data lives in **four places.**

That's where your week goes.

PLANNING

# Periodization, mesocycles, sessions.

Usually: a spreadsheet.

ON COURT

# Attendance, drill timers, RPE.

Usually: a notebook, or the stopwatch  
on your phone.

MONITORING

# Daily wellness, load, ACWR.

Usually: a group chat.

RETURN TO PLAY

# Phases and clearance criteria.

Usually: in someone's head.

# Four places. **Four** **versions** of the same athlete.

And before you can decide anything,  
you put them back together by hand.

# TrainMind keeps them in **one**.

Plan, court, monitoring, return to play.  
Straight from the lab, one piece at a  
time.
